Actual Spending on the Ministry of Education and Higher Education (MoEHE) in 2019

Introduction

In the year 2019, there was no ratification of a general budget for the Palestinian Authority (PA) because of the “Clearance funds” crisis. This crisis emerged when some Palestinian funds were being seized by the State of Israel. The amount of seized funds was equivalent to what the Palestinian Authority used to pay to Palestinian prisoners in Israeli jails and to their families. Following that, a Presidential Decree was issued to extend this expenditure in 2019 with monthly appropriations (1/12) for each month from the Annual Budget of fiscal year 2018.

Therefore, this report does not include the estimated budget of the Ministry of Education and Higher Education (MoEHE) in 2019 due to the failure to ratify the 2019 general budget. However, the report includes the actual expenditures of MoEHE’s responsibility center based on the official spending reports issued by the Palestinian Ministry of Finance.

Important Note

Although the Ministry of Finance approved the program-based budget, their issued financial reports still use the item-based budget. The work team of MIFTAH has contacted the Ministry of Finance to obtain the program-based actual spending reports. However, the Ministry of Finance did not provide the needed report to the team, hence this report was prepared on the basis of items.

Actual Spending on the MoEHE in 2019

In 2018, the actual spending by the responsibility center of MoEHE was (2.69) billion ILS, whereas in 2019, the actual spending increased to (3.16) billion ILS.
