## Gender-responsive budget indicators:

- The Ministry of Transport seeks to achieve justice and equality in services, available to all without discrimination and according to the enacted legislation and instructions in this regard.
- A budget of ILS1,057,638 was allocated to developing and improving the environment for providing the Ministry of Transport's services to its recipients, including women, persons with disabilities and the elderly.

**According to the Public Budget, there are (1,128) male and female employees at the Ministry of Transport**

## Important Terms:

- **Citizen Budget:** A simplified document of the public budget Ministry of Transport. It summarizes the policies, approaches and priorities of the Ministry for the coming years expressed in numbers in the approved budget and which enables citizens to become familiarized with the distribution of operational and developmental expenses at the Ministry and on the various programs and consequently, to monitor governmental expenditures on the Ministry of Transport.
- **Operational costs:** The necessary expenditures for the operation of the public institution, i.e. the Ministry (Electricity, water, fuel, travel, etc.)
- **Developmental expenditures:** Are expenditures which have a nature that is different from current expenditures in terms of their useful life and the return from expenditures, and are financed by the PA budget and donors.
- **Capital expenditures:** What the government [Ministry] spends on the possession of capital assets (buildings, land, equipment, vehicles, etc.)
- **Current expenditures:** This includes salaries and wages, raises, operational and referral expenditures of the ministry, public institutions and the other executive bodies of the State of Palestine.
- **Program for employees not distributed among programs:** A program especially for employees in the Gaza Strip.
- **Gender-responsive budget:** A gender-responsive budget is considered a tool for financial planning with economic and social dimensions, which helps the government to integrate gender in the preparation and implementation of the public budget. This is to ensure that available financial resources are allocated in a just manner and aimed at eradicating discrimination on the basis of gender in regards to government services and in a way that meets the specific needs of men, women, girls, boys and marginalized social sectors.
